- Jill Snyder of New Boston High School—New Boston, Texas
- Adalgiza Solis of Donna High School—Donna, Texas

The Scholarship Selection Committee of the TTA Foundation Board reviewed more than 1,500 scholarship applications to select ten recipients for the 2005 – 2006 school year. “It is a fun, but difficult process,” commented Amy Linzey of the TTA Foundation Board. “The quality of applications gets stronger every year. There are so many qualified and talented young people that we hear from. It is exciting to review their accomplishments. And, it gets difficult when we have to choose from this outstanding pool of excellent applicants.”

In addition, five repeat scholarships will be awarded to current scholarship recipients. The repeat scholarships will be awarded based upon grades from the current school year and an essay that recipients are being asked to submit for consideration. Repeat scholarship recipients will be selected by the end of June.

The many supporters of the TTA Foundation have a significant impact on the future of fine Texas students. Thanks to all who contribute to the foundation and a special thanks to those who served on the Scholarship Selection Committee!
